

HOUSTON BUSINESS ACTION TO END HIV

A HEALTH ACTION ALLIANCE INITIATIVE

Houston Community Partner Directory

Houston Business Action to End HIV is a local chapter of the national U.S. Business Action to End HIV coalition, established in areas with high HIV incidence and a strong business presence. These chapters work to bridge the gap between businesses and public health communities, addressing local HIV challenges through coordinated efforts.

The Community Partner Directory is a resource for businesses to connect with community organizations working on the front lines of HIV in Houston. It includes health departments, HIV service organizations, faith-based groups, and other community-based organizations. Each listing details how these organizations are willing to partner with businesses to make a meaningful impact and strengthen the local HIV response.

Community partner collaboration opportunities with local businesses include:

Workshops and Training: Conduct workshops for employees or employee resource groups on HIV prevention and care (available on-site or virtually).

Thought Leadership: Offer guidance and community insights to businesses developing strategies to address gaps in HIV service delivery.

Educational Campaigns: Partner on campaigns for employees or customers, creating content for print, radio, and social media to raise awareness about HIV testing, prevention, and treatment resources.

Volunteer Opportunities: Host local employees as volunteers at specific events throughout the year.

Financial Support: Benefit from donations, charity events, walkathons, or other fundraising efforts.

HIV Testing: Provide on-site HIV testing, counseling, and linkage to care, or invite employees to access testing services with incentives.

Advocacy: Collaborate to advance state and local HIV policy initiatives.

ABOUT:

ACCT- a nonprofit organization - connects people living with HIV to services including testing and prevention, housing assistance, nutrition assistance, medical transportation, pharmacy and insurance assistance, and behavioral health. Our mission is to prevent the spread of HIV and provide comprehensive services to individuals affected by HIV/AIDS. We serve people living with HIV in Galveston, Brazoria, and Matagorda counties.

ABOUT:

The Montrose Center is a nonprofit organization that strives to create a welcoming environment where everyone is celebrated for who they are. Our team of state-licensed clinicians, masters-level therapists, skilled educators, support staff and dedicated volunteers work together to create healthier futures for our community.

Because LGBTQ persons face numerous health disparities compared to the general population, the Center has embraced an integrated care model with one-stop access to behavioral health and support services, adult primary care and psychiatry, and free wellness programs that empower individuals to proactively participate in their own care.

PRIDE
HOUSTON 365

ABOUT:

Historically, Pride Houston is a volunteer-run, 501(c)(3) non-profit that has organized the official Houston LGBT Pride Celebration[®] which includes the Houston Pride Festival[®] and Houston Pride Parade[®] every year in Montrose or downtown Houston. We aim to celebrate this cause not only in June but all year round with numerous LGBTQIA+ events to support our community, raise critical funds for youth scholarships, and offer ongoing health and wellness education.

ABOUT:

The Woodlands Pride's (TWP) mission is to connect, celebrate, educate and foster relationships in the LGBTQIA community while promoting equality, unity, and love in The Woodlands and beyond. Since its inception in 2018, TWP has transformed its annual Pride Festival into one of Texas's premier free Pride events. Additional TWP initiatives include a community library, an endowment with Out for Education, and the integration of "There's Room at Our Table" (TROT) — a group that brings allies and LGBTQ+ people together in the Greater Woodlands area through hosted dinners.
